WHAT WE DO

Lane Council of Governments (LCOG) is an independent public agency that is established and supported by its member agencies to coordinate and provide high-quality public services within Lane County, Oregon. The governing body of LCOG is its Board of Directors, comprised of local elected and appointed officials designated to represent member governments and agencies. Our members represent 34 local governments and agencies varying from Lane County to twelve cities, six school districts, one education district, one college, two parks and recreation organizations, three library districts, three utilities, a transit district, two fire districts, ambulance district, and a port.

LCOG is one of the oldest regional councils in the nation, first organized in 1945 under the name Central Lane County Planning Commission. It was reorganized in 1971 under an intergovernmental agreement pursuant to Oregon Revised Statutes Chapter 190 and the name was changed to Lane Council of Governments. LCOG is an independent public agency that is established and supported by its member agencies to coordinate and provide high-quality public services within Lane County, Oregon. LCOG does not act under the direction and control of any single governmental entity and has the following characteristics:

- It is governed by a board of directors consisting of one appointed director from each of its 34-member organizations.
- It is a legally separate entity.
- It is fiscally independent of all member organizations and all other local government entities.
- It is vested with all the powers, rights, and duties relating to those functions and activities that are vested by law in each separate party to the intergovernmental agreement.

LCOG is located in Lane County, Oregon, the fourth most populous county in Oregon. LCOG's region is the entire Lane County area. Lane County's population is 378,880. The size of Lane County is approximately 4,554 square miles.

INTRODUCTORY SECTION

Budget Message from the Executive Director FY20 Revised Budget

March 2020

Members of the LCOG Budget Committee and Board of Directors:

Attached for your consideration and approval is the proposed FY20 *Revised Budget*. This *Revised Budget* is a recommended amendment to the budget that was originally adopted by the Board of Directors in June 2019. LCOG develops a *Revised Budget* each fiscal year to adjust to changes which have occurred during the first eight months of the year. This proposed *Revised Budget* reflects operating plans and financial projections for the balance of the fiscal year.

BACKGROUND

Our revised budget presentation format is meant to clearly present changes to the FY20 *Adopted Budget* to show changes to revenues, expenses, and FTE in each fund. We have also included a detailed explanation for every change in the Financial Section of the proposed *Revised Budget* document. In addition, we continue to present trend data for comparison. This information is essential for determining and establishing the overall spending level of the organization. In short, understanding past revenue and expenditure trends, and ensuring revenue and expenditure changes are accurate and documented, is key in the overall financial management of the organization.

This fiscal year LCOG is experiencing continued stabilization of its budget, reflecting the smart, and sometimes difficult, decisions made in recent years. As part of LCOG's commitment to the region, LCOG is continuing to reduce costs and find efficiencies.

HIGHLIGHTS OF THE REVISIONS TO THE FY20 ADOPTED BUDGET

This proposed *Revised Budget* captures six months of change in the revenue and expenditure picture of LCOG, which is project and contract based. LCOG's budget is normally quite dynamic, so management must adjust staff assignments and work throughout the year as contractual relationships end and new ones are established.

LCOG operates out of three reporting fund types: (1) General Fund; (2) Special Revenue Fund; and (3) Enterprise Fund. The General Fund serves as the primary reporting fund for current operating functions and consists of three managerial funds. The Special Revenue Fund serves as the primary reporting fund for LCOG's two divisions: Government Services and Senior and Disability Services, and has 66 individual managerial funds. The Enterprise Fund accounts for operations that are financed and operated in a manner similar to private business enterprises – where the intent is for the costs of providing goods or services to be financed or recovered primarily through user charges. The direct service areas accounted for in the Enterprise Fund are: Business Loan Program, Economic Development, Building Management, and Minutes Recorder. LCOG's Enterprise Fund consists of 11 managerial funds.

This is a summary of the key changes in the proposed FY20 *Revised Budget*:

Resources – Revenues

REVENUES	Federal and State	Local	Member Dues	Transfers In	Beginning Fund Balance	Total Budget
FY20 Revised	\$ 28,932,227	\$ 7,257,590	\$ 231,119	\$ 5,104,494	\$ 10,211,717	\$ 51,737,147
FY20 Adopted	\$ 23,983,147	\$ 7,132,693	\$ 232,000	\$ 4,742,074	\$ 8,576,117	\$ 44,666,031
Dollar Change	\$ 4,949,080	\$ 124,897	\$ (881)	\$ 362,420	\$ 1,635,600	\$ 7,071,116
Percent Change	20.6%	1.8%	-0.4%	7.6%	19.1%	15.8%

LCOG’s proposed Revised Budget reflects an increase of \$7,071,116 – from \$44,666,031 net Adopted Budget to a net \$51,737,147 proposed Revised Budget. This is a 15.8% increase over the Adopted Budget and represents an expected and reasonable change for the first year of a new Biennium.

As shown on page 6, All Funds Schedule of Budgeted Resources and Requirements table, Federal and State revenues were increased by a net \$4,949,080 as the net result of \$117,333 increased funding and contracts awarded for Government Services; and a net increase in Senior and Disability Services of \$5,066,413, which is expected at the beginning of a new Biennium as the Adopted FY20 Budget was created before we knew what our state allocation would be and budgeted conservatively. Local revenue (minus Member Dues) is increased by a net \$124,897, with a majority of the net increase due to the reclass of Federal revenue to Local revenue in Government Services; a net decrease in Senior and Disability Services primarily due to a grant being directly paid to a recipient instead of passing thru our agency; and a net decrease in Enterprise Funds primarily due to vacancies in the Park Place Building Fund and fewer than expected loans disbursed.

Transfers In are increased a net \$362,420, with the majority of that increase due to a \$280,000 transfer from the General Fund to the Capital Contingency Fund in the Building Management Fund of excess Indirect revenue. While these excess funds could be set aside for COVID-19 response expenditures, I am budgeting an additional \$221,000 of excess Indirect Revenue from this fiscal year in Materials and Supplies to cover any response expenditures. The Board could always move funds from the Capital Contingency Fund if needed in the future. Transfers In also includes transfers in Senior and Disability Services to maximize match.

The Beginning Reserve revenues are increased by a net \$1,635,600, to reflect actuals being greater than what we projected the beginning balance would be in the FY20 adopted budget due primarily to excess Indirect revenue and project carry overs in Government Services.

The General Fund share of the total budget revenue change is a net \$340,224 overall increase from the Adopted Budget. This is primarily due to higher than expected Indirect Revenue.

Requirements - Expenditures

EXPENDITURES	Personal Services	Materials and Services	Capital Outlay	Services by Others	Debt Service	Transfers Out	Ending Reserves	Total Budget
FY20 Revised	\$ 24,985,205	\$ 9,344,948	\$ 813,101	\$ 2,174,061	\$ 481,499	\$ 5,104,494	\$ 8,833,839	\$ 51,737,147
FY20 Adopted	\$ 23,125,243	\$ 8,452,428	\$ 786,000	\$ 1,846,826	\$ 473,027	\$ 4,742,074	\$ 5,240,433	\$ 44,666,031
Dollar Change	\$ 1,859,962	\$ 892,520	\$ 27,101	\$ 327,235	\$ 8,472	\$ 362,420	\$ 3,593,406	\$ 7,071,116
Percent Change	8.0%	10.6%	3.4%	17.7%	1.8%	7.6%	68.6%	15.8%

The proposed Revised Budget reflects a net increase of \$7,071,116 in expenditures and matches the increase in revenues.

As shown on page 6, All Funds Schedule of Budgeted Resources and Requirements table, operating expenditures were increased as follows:

Personal Services were increased by a net of \$1,859,962. This is primarily a reflection of increased hiring in Senior and Disability Services once we received our state allocation. Personnel Services costs in Government Services decreased to match contracts; and increased in the Enterprise Funds to account for time on Building preservation and maintenance projects.

Materials and Services was increased by a net of \$892,520, consisting in part of a net increase of \$378,255 in , Government Services due primarily to increased Contract Services, with an increase of \$347,613 attributed to Fund 244 - Telecom Operations; and a net increase in Senior and Disability Services of \$258,987 due primarily to furniture costs for increased staff and Senior Meals costs due to the COVID-19 emergency.

Capital Outlay was increased in Government Services by a net \$22,101 for equipment in the Willamette Internet Exchange (WIX); Senior and Disability Services was increased by a net \$5,000 for a new printer.

Services by Other Organizations was increased by a net \$327,235 with a net increase in Government Services of \$120,017 due to Consultants in Fund 244 - Telecom Operations; a net increase in Senior and Disability Services of \$33,218 due to shared funds with Food 4 Lane County; and a net increase of \$174,000 in Enterprise Fund, due to more loans being disbursed than anticipated.

Debt Service was increased by a net \$8,472, to reflect actuals in the Business Loan Program.

Transfers Out are detailed in the table on page 36. This shows the aggregate transfers, not the changes between the Adopted and Revised budgets. Transfers are increased by a net \$362,420, with the majority of that increase due to transfer of additional funding in Senior and Disability Services Title XIX Type B funds transferred to eligible programs; and excess Indirect revenue transferred to the Capital Contingency Account in the Building Management Fund. Government Services are decreased by a net \$258,108 due primarily to fewer required funds from the Transportation Services Administration to other Transportation programs.

Note that Indirect Revenue and Expenditures are not included in the overall Statement for All Organizational Funds as this would be duplicative. I expect excess Indirect Revenue to be \$221,000 and am budgeting this entire amount in Materials and Services for COVID-19 response. For more information, see pages 9 and 10.

Ending Fund Balance/Contingencies and Reserves

As shown on page 6, All Funds Schedule of Budgeted Resources and Requirements table, the Ending Reserves amount of \$8,833,839 reflects a net increase of \$3,593,406.

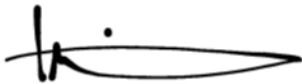

Ending Reserves were adjusted in the General Fund with an increase of \$50,064 for excess revenue; and in Government Services by a net increase of \$72,180 which is a normal and expected change. Most of the change occurred in Senior and Disability Services which had a significant net increase of \$2,691,603 due to the unanticipated increase in funding in our state allocation. Enterprise Funds increased \$779,559 due primarily from the transfer of \$280,000, mostly excess Indirect Revenue, to the Capital Contingency Account in the Building Management Fund from the General Fund. For information on restricted reserves, see Schedule on page 35.

CONCLUSION

I believe the Lane Council of Governments continues to be a valuable resource for its members and the communities of Lane County. LCOG continues to focus efforts to run the organization efficiently, to provide high-value service, and continue to be a valuable resource to its members and the communities we serve. We are in a healthy financial condition and are able to strategically plan for the future of the organization.

I continue to be grateful for the guidance and support of the LCOG Board and members, and the Budget Committee, especially during this difficult and uncertain time. And I am truly honored to be a part of an organization with bright, talented and dedicated employees who work hard every day to provide high quality services to the region. Our members and stakeholders have good reason to be proud of the work of this organization.

Respectfully submitted,

Brendalee S. Wilson
Executive Director

BUDGET NOTES AND DEFINITIONS

For the Fiscal Year Ending June 30, 2020

LCOG operates out of three reporting fund types: (1) General Fund; (2) Special Revenue Fund and (3) Enterprise Fund.

General Fund

The General Fund serves as the primary reporting vehicle for current operating functions. The General Fund, by definition, accounts for all current financial resources not required by law or administrative action to be accounted for in another fund. The General Fund accounts for the general cost of the organization doing business which cannot be paid for by other, more restrictive, funding sources. The LCOG General Fund accounts for central service operations of LCOG including General Administration, Human Resources, Fiscal Services, Information Technology, and Special Projects.

The General Fund has three managerial subfunds: LCOG Board, Indirect, and Member Support Services. LCOG Board accounts for the activities for the Board of Directors and Executive Management of LCOG. The Indirect subfund is similar to an internal service fund where the costs of the expenditures are recovered through direct charging the benefiting funds. Charges supporting the expenditure recovery are based on a federally approved Indirect Cost Allocation Plan. Member Support Services subfund tracks the services and costs we provide member agencies as part of the member's free support hours. Funding for Member Support Services comes from a transfer from the LCOG Operating Fund (provided by member dues revenue).

Special Revenue Fund

The Special Revenue Fund has 66 managerial funds. Special Revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The term "proceeds of specific revenue sources" establishes that one or more specific restricted or committed revenues should be the foundation for a special revenue fund. For LCOG these funds account for revenues from specific sources that include federal grants, state grants, and various local grants and contracts revenue. The direct service areas that are accounted for in the special revenue funds are: Government Services and Senior and Disability Services.

Enterprise Fund

Enterprise funds account for operations that are financed and operated in a manner similar to private business enterprises – where the intent is for the costs of providing goods or services to be financed or recovered primarily through user charges. LCOG's Enterprise Fund consists of 11 managerial funds. The direct service areas accounted for in the enterprise fund are: Business Loan Program; Building Management; Economic Development, and Minutes Recorder.

The Business Loan program area has eight managerial funds: Business Services Administration and seven Business Loans program funds.

The Economic Development managerial fund is devoted to Economic Development services.

The Building Management program has one enterprise managerial fund that tracks the activity of the building owned by LCOG – Park Place Building - and includes oversight and management of the building. LCOG also occupies space in the Park Place Building and pays an occupancy fee. Park Place Building also includes leased space.

Lastly, LCOG's Minutes Recorder managerial fund is funded by charges for services.

BUDGET NOTES AND DEFINITIONS, Continued

SERVICE DEFINITIONS

Service: An LCOG organizational unit that is designed to specifically deliver a service. The service is part of the Division but its focus is on service deliverables to our customers. The services include: Board and Executive, Administration, Government Services (GS), Senior & Disability Services (S&DS), Enterprise Funds.

Fund: A legal separate set of books for each fund using generally accepted accounting principles and are in compliance Government Accounting Standards. LCOG has three reporting funds (General Fund; Special Revenue Fund; and Enterprise Fund). Within the reporting funds are 66 managerial funds – 3 general funds, 52 special revenue subfunds, and 11 enterprise subfunds.

Resources: The total of all resources that can be used to offset requirements. Resources are current revenues and carried over revenues (Beginning Fund Balance) in a fund. Currently the categories are:

Beginning Reserves: Beginning reserve balances are either designated balances or undesignated balances.

Designated balances are revenues carried over from the prior year for a specific purpose and are not available for general expenditure. Undesignated balances are revenue carried over from the prior year that is available for any expenditure requirement.

Federal and State Revenue: Revenue from federal and/or state grants and contracts including Transportation, S&DS Long-Term Care and Financial Services, and Business Financing.

Local Revenue: Revenue from local contracts, interest, donations, sales of products and all revenue that is not federal or state. Local revenue also includes Member Dues.

In-Kind Service: Service by other governments that can be used as matching funds on LCOG contracts that require local matching dollars.

Transfers In: Transfers describe the process of internally moving resources from one LCOG division or program to another. Transfers are displayed as a resource for the program receiving the resources and as a requirement for the program providing the resources.

Requirements: The total of all expenditures of a fund. Currently the categories are:

Personal Services: Salary and fringe costs for staff are expressed under the line item heading of Personal Services.

BUDGET NOTES AND DEFINITIONS, Continued

Support Services: Indirect charges/costs are costs that cannot be charged as direct costs to a program. LCOG prepares an annual Indirect Cost Allocation Plan and submits the proposal to the federal cognizant agency (ODOT) for approval. The Plan provides for direct programs and services to share in the general non-direct operating expenses for LCOG. Indirect charges pay for Administrative Services expenses. Additional information about Indirect Cost Allocation Plan can be found in the Supplemental Section of this document.

Materials and Services: Materials and Services include a wide variety of expenses ranging from office supplies to telephones to travel.

Capital Outlay: Costs for purchases that are tangible in nature are recorded initially as capital outlay. A capital purchase is the acquisition of a tangible item that has a useful life of greater than one year and a value greater than \$5,000. These items are placed on LCOG's inventory and treated as assets on the balance sheet.

Services by Other Organizations: Services by Other Organizations accounts for monies that LCOG receives and then passes through to other organizations that provide a specified service (Government Services and Senior & Disability Services) or business loans made (Loans Program).

Debt Service: Payments for principal and interest to amortize loans. Currently loans are the existing building program loan (Park Place Building).

Transfers Out: Transfers describe the process of internally moving resources from one LCOG division or program to another. Transfers are displayed as a resource for the program receiving the resources and as a requirement for the program providing the resources.

Ending Reserves-Designated: Resources that will be carried forward into the next fiscal year that can only be used for a specific contract or purpose.

** Indirect expenses also appear as internal support services charges in the receiving subfund. For accuracy we are reporting expenses based on the origin of those charges (Personal Services and Materials and Services).

Note that the ending reserves/fund balance of one year does not equal the beginning reserves/fund balance of the following year. This is due to timing differences (actual values are not known until after audit which is later than budget approval for the new fiscal year).
